Would you like to learn how to bring your stories and research to life with interactive maps? Join us for a hands-on ArcGIS Story Maps Workshop, where you'll learn the basics about maps, texts, images, and metadata to create engaging, scholarly narratives.

What You Will Learn In This Workshop

- How to access your Zusu ArcGIS student account
- The basics of Story Maps
- Formatting
- Images
- Map-building basics
- Metadata

- How to enhance your own research and work with visual storytelling
- Get hands-on experience adding interactive maps and text
- Publish and share your Story Map

No prior experience is needed! Whether you're a student, researcher, or just curious about digital storytelling, this workshop is for you.
