Preserving the story of modern-day ranch families is an important area of interest for Utah State University Libraries’ Special Collections and Archives. In 2009, we embarked on a three-year collecting project to gather the voices, photographs and associated materials of ranch families from four counties in the Intermountain West: Elko County, Nevada; Box Elder County, Utah; Cache County, Utah; and Rich County, Utah.

This digital collection features photographs, oral history recordings and transcripts. A finding aid is also available.
